

ROAD NEWS FROM ALL POINTS.

Another Application Made for a Receiver for the Omaha and St. Louis.

BONDHOLDERS WANT A CHANGE.

John F. Lehane General Passenger Agent of Cotton Belt in Texas—Hays's Successor—W. P. A. Meeting—Notes.

Judge Ames M. Thayer of the United States Circuit Court heard another application yesterday for the appointment of a receiver for the Omaha and St. Louis Railroad, which is at present operated by Charles H. Chappell and James Hopkins, receivers, appointed by Judge Thayer in January last.

The application made yesterday was submitted by Attorneys Sheldon & Sheldon of Chicago and John W. Noble of St. Louis, who represent certain bondholders of the company. They ask that the present receivers be discharged, and the property turned over to the new receiver to be appointed by the court.

On September 20 last the bondholders filed a bill in the United States Circuit Court of the Southern District of Iowa to foreclose a mortgage on the Omaha and St. Louis. The application made yesterday is supplementary to that proceeding. Judge Thayer will set a day for hearing arguments in the matter. The Omaha and St. Louis is about 147 miles long and runs from Council Bluffs to Pattonsburg, Mo.

FAST HEAVY TRAINS.

American Locomotives Make the Best Records in the World.

At the sixth session of the International Road Congress, just held in London, the fact was proved that American locomotives run at very high speed. The Philadelphia and Reading Atlantic City train figures the fastest in the world, which is carrying six cars and weighing 39 tons behind the tender. This train makes 64.6 miles an hour for 20 miles at a steady pace. The maximum speed reached is not reported, and probably is in excess of 60 miles an hour. The next best train is that of the Pennsylvania, also between Camden and Atlantic City, 24.3 miles. The maximum speed of this train is 53 miles an hour. The train carries eight cars and weighs 27 tons behind the tender. In this train the Cleveland, Cincinnati, Chicago and St. Louis reports a train running 36.5 miles without change of the engine. The Boston and Maine goes into this table with a good train, 104.5 miles, with six cars, at 44.5 miles an hour journey speed, or 42.5, deducting stops.

JOHN F. LEHANE PROMOTED.

Made General Passenger Agent of the Cotton Belt in Texas.

Fort Worth, Tex., Oct. 27.—John F. Lehane has been promoted and appointed the position of general passenger agent of the St. Louis and Southwestern Railway of Texas, the office coming direct from Traffic Manager Dotter.

He is succeeded by H. Jones, resigned, and the appointment was made on November 1. Mr. Lehane is at present the general agent of the Cotton Belt in this city. He was chief clerk of the office in the Denver street's auditor's office, and resigned to accept a position with the Cotton Belt. He has been in the office of the St. Louis and Southwestern Railway since 1897 and was promoted to be commercial agent of the Kansas City branch, running from Coffeyville to Paola.

THE DECISION FAVORING THE "KATY" IN CONSOLIDATION CASE.

Port Scott, Kas., Oct. 27.—Judge Simons in the United States District Court here today rendered a decision in the case of Mary H. Stevens et al. vs. the Missouri, Kansas and Texas Railroad Company, for which the Missouri, Kansas and Texas Company was seeking to prevent the consolidation of the Missouri, Kansas and Texas Railroad and the Kansas City and Pacific Railroad, which is known as the Kansas City Branch of the Missouri, Kansas and Texas road, running from Coffeyville to Paola.

THE DECISION FAVORING THE "KATY" IN CONSOLIDATION CASE.

The decision renders void the injunction preventing the consolidation of the Missouri, Kansas and Texas Company of contempt by effecting the consolidation in violation of the injunction. The case has been in the Federal and State courts for three years. Both have now disclaimed the case. A similar case is pending in the New York courts, the Stevens having also secured an injunction there.

BURLINGTON TO THE RESCUE.

Will Supply Overland Mail Service Relinquished by Northern Pacific.

Washington, Oct. 27.—The Northern Pacific has been ordered to relinquish its overland mail service on the route between St. Paul and Minneapolis, and Portland, Ore. But the Northern Pacific has refused to do so, and the St. Paul and Northern Pacific is now in a position to take over the service. The Burlington is now in a position to take over the service. The Burlington is now in a position to take over the service.

SAINT PAUL EXTENSION IN TEXAS.

San Francisco, Oct. 27.—Thomas Gilchrist, Land Commissioner of the Gulf, Colorado and Santa Fe Railway Company, left for San Antonio today to look after the extension of the Santa Fe right-of-way from the city of San Antonio to the Gulf, Colorado and Santa Fe Railway Company, which is now in the hands of the Santa Fe Railway Company. The extension is expected to be completed by February 1, and the Santa Fe expects to have train service on the route with Beaumont early in the year.

Chicago Against Cheap Excursions.
